Overview (Formation)

Papanyana Holdings was established in May 1999 in a small village called Motlhotlo located 25 km Northeast of the town of Mokopane formerly known as Potgietersrus, the same village was later relocated to Armoed by the mining giant, Anglo American Platinum to clear its way of extracting PGM's. Our intention was to unleash the potentials of young men and women living in rural areas of which we are part. In all this time, Papanyana Holdings operated informally driven by the passion and love for Community Development, but later registered as a Papanyana Holdings (Pty) LTD

Papanyana Holdings (Pty) LTD is a 100% Black Owned with 20% youth and 20% women owned. Since its establishment in 1999, has played a pivotal role in facilitating the development of youth around Waterberg District and in replicating quality youth programmes. PH's primary target group was, out of school, Unemployed young women and men, Disabled and the Overall youth. Our experience has taught us that this group were more disadvantaged as a result of their socio-economic and educational background. As a result, they are more vulnerable to engage in crime, drug abuse and sexual activities. They have little to no opportunities for economic development either through formal employment, further education and training or self-employment. The young women due to their gender and race were more disadvantaged. With due to high demand of developmental strategies and high unemployment rate in the Republic of South Africa which requires a lot of capital injections, PH realised the need to Diversify and create few subsidiaries to reach to our intended beneficiaries. Thus, Papanyana Development, Papanyana Minerals, Papanyana Infrastructure and Papanyana Equipment with a dedicated CSI drive Papanyana Foundation NPC As a commercial participant we come from the past that was characterized by skewed developmental priorities which were premised mainly on the color of skin or even the age of recipient, a developmental pattern that was structured in a manner that benefited a very small percentage of entire community. As a result of which, most of them became rebellious and defiant which resulted in them not getting the necessary education and skills to enable them to sustain their livelihood and therefore many of them resorted to what they considered as a means of survival such as involvement in Crime, Substance Abuse and Prostitution.

TENETS

OUR MISSION

Papanyana Holdings is committed to delivering world-class solutions in the minerals, infrastructure, and equipment sectors through innovation, operational excellence, and responsible business practices. We strive to create sustainable value for our clients, partners, employees, and communities by providing reliable services, quality products, and strategic investments that contribute to economic development and industrial growth.

OUR VISION

To be a leading African investment and industrial company, recognized for excellence in minerals, infrastructure development, and equipment solutions, driving sustainable growth, empowering communities, and shaping the future of industry through innovation and integrity.

OUR CORE VALUES

INTEGRITY

We conduct business with honesty, transparency, accountability, and strong ethical standards.

EXCELLENCE

We pursue the highest standards of quality, performance, and continuous improvement in everything we do.

SAFETY FIRST

We are committed to maintaining a safe, healthy, and secure working environment for our employees, clients, contractors, and communities.

INNOVATION

We embrace new technologies, creative thinking, and efficient solutions to remain competitive and deliver lasting value.

SUSTAINABILITY

We promote responsible resource management and environmentally conscious practices that support long-term economic and social development.

CUSTOMER COMMITMENT

We build lasting partnerships by understanding our clients' needs and consistently delivering reliable, high-quality solutions.

TEAMWORK

We value collaboration, diversity, and mutual respect, recognizing that our collective strength drives our success.

EMPOWERMENT

We invest in people through skills development, local participation, and creating opportunities that uplift communities.

RELIABILITY

We deliver on our commitments with professionalism, consistency, and dependability.

RESPONSIBLE STEWARDSHIP

We manage natural resources, assets, and investments responsibly, creating sustainable value for current and future generations.

BUILDING TODAY. EMPOWERING TOMORROW.

Business Model

Papanyana Holdings (Pty) Ltd has three operating platforms.

Namely

Minerals (Mining Platform)

Infrastructure (Construction Platform)

Equipment (Plant Hire and Tools)

Papanyana Holdings offers its depth of expertise and experience across a range of industry segments, from civils to buildings, to roads, earthworks, property development and mining. Papanyana Holding's in-house resources, including sought after skills, plant, and equipment, underpin by company's ability to provide world class solutions to clients and to deliver projects on time, within budget and safely.

OUR DIVISIONS

MINERALS

Core Mining Services

Contract Mining

Full contract mining operations
Mine development support
Open-pit mining services
Production mining solutions

Crushing & Screening

Mobile crushing operations
Material screening services
Aggregate processing
Ore preparation solutions

Drilling & Blasting

Blast hole drilling
Controlled blasting operations
Rock fragmentation services
Mine production support

Loading, Hauling & Rehabilitation

Load and haul operations
Waste material transportation
Mine rehabilitation
Site clearing and restoration

Earthworks & Topsoil Removal

Bulk earthworks
Topsoil stripping
Dam and TSF preparation
Civil mining support services

INFRASTRUCTURE

Roads & Civil Works

- Road construction
- Road rehabilitation
- Stormwater systems
- Sidewalks & paving
- Bulk earthworks

Bridges & Structural Works

- Bridge construction
- Culverts
- Structural concrete works
- Retaining walls
- Reinforced structures

Water & Drainage Infrastructure

- Sewer pipelines
- Water reticulation systems
- Drainage systems
- Pipeline installation
- Bulk water infrastructure

Building Construction

- Commercial buildings
- Industrial facilities
- Public infrastructure
- Residential developments
- Renovations & maintenance

Earthworks & Bulk Services

- Site preparation
- Excavation & filling
- Layer works
- Compaction services
- Platform construction

EQUIPMENT

Plant Hire Services

- Excavator Hire
- TLB Hire
- Grader Hire
- Roller Hire
- Water Cart Hire
- Front-End Loader Hire
- Skid Steer Hire
- Low-Bed Truck Hire
- Crane Truck Hire
- Dump Truck Hire

Heavy Equipment Solutions

- Earthmoving Equipment
- Mining Equipment Support
- Construction Plant Solutions
- Material Handling Equipment
- Bulk Hauling Equipment
- Site Support Machinery

OUR SOCIAL

PAPANYANA FOUNDATION

Papanyana Foundation is a Non- profit Co with its primary objective of supporting communities of which we are part. This would typically include vocational training and entrepreneurship development, training support to incubation facilities, and the development in general of commercial understanding and business ethics. In this process, Papanyana Foundation provides training support to Papanyana Holdings and its subsidiaries.

Community Building projects

- Supply of drinking water to Cornelius Masibe School and Godwin Primary School
- Supply of stone and grading of Graveyards
- Support/Funding to Matriculants through Maths and Science Academy
- Crime prevention initiatives in Partnership with South African Police Services – Mahwelereng through **WorkSA Security Group**
- Free Emergency Medical Services to community though our own Ambulances – **WorkSA Medical Services**
- Transportation of Matriculants to various Universities in South Africa and career exhibitions and many more.
